

ADMINISTRATIVE RULES OF MONTANA

36.22.1012 SAMPLES OF CORES AND CUTTINGS

- (1) Any owner or operator drilling or deepening a well for oil or gas must deliver prepaid to the board at the office stipulated on the approved permit to drill a complete and representative sample of the core chips and a dry, washed set of cuttings within a period of 6 months after the completion or abandonment of such well.
- (2) A complete and representative sample of core chips and a dry, washed set of cuttings from a stratigraphic well must be delivered prepaid to the board at the office stipulated on the approved permit to drill within 3 years of the completion of the stratigraphic well.
- (3) The board may at its discretion relieve any owner or operator from the obligation to so deliver samples of core chips or cuttings.
