

ADMINISTRATIVE RULES OF MONTANA

37.106.1997 OUTPATIENT CRISIS RESPONSE FACILITY: EMERGENCY PROCEDURES

- (1) Each outpatient crisis response facility shall develop a written plan for emergency procedures. At a minimum, the plan must include:
 - (a) emergency evacuation procedures to be followed in the case of fire or other emergency;
 - (b) procedures for contacting emergency service responders; and
 - (c) the names and phone numbers for contacting other crisis response facility staff in emergency situations.
- (2) Telephone numbers of the hospital, police department, fire department, ambulance, and poison control center must be posted by each telephone.
