

ADMINISTRATIVE RULES OF MONTANA

12.6.1016 PROCESS FOR IDENTIFYING FACILITIES IN STATES AND PROVINCES THAT PRODUCE URINE ALLOWED FOR THE PURPOSE OF MASKING HUMAN ODOR

- (1) The commission recognizes that the criteria in 87-6-221(2), MCA are met by the standards of the Archery Trade Association (ATA) and the Responsible Hunting Scent Association (RHSA). Urine from any approved ATA/RHSA facility is allowed, so long as the ATA/RHSA requirements continue to meet the standard in 87-6-221(2), MCA. Products which meet the ATA/RHSA requirements are designated with an ATA/RHSA marking indicating ATA/RHSA approval on the product packaging for identification by the consumer.
