

ADMINISTRATIVE RULES OF MONTANA

12.6.1017 SCENTS APPROVED BY THE COMMISSION FOR ATTRACTING GAME BIRDS AND GAME ANIMALS

- (1) Pursuant to 87-6-101, MCA, urine-based and natural glandular scents are approved by the commission for the purposes of attracting game animals and game birds if the scents:
 - (a) originate from a state or province not listed in ARM 12.6.1015; or
 - (b) originate from a facility which is approved by the commission under ARM 12.6.1016 and display the required marks on the product packaging.
- (2) Artificial scents and Responsible Hunting Scent Association-approved natural glandular scents may be used by hunters to attract game animals, except black bears, by spraying or pouring the scent on the ground or other objects.

Authorizing statute(s): 87-1-301, 87-6-101, MCA

Implementing statute(s): 87-6-101, MCA

History: NEW, 2021 MAR p. 921, Eff. 7/24/21.
