

ADMINISTRATIVE RULES OF MONTANA

32.3.214 SPECIAL REQUIREMENTS FOR GOATS

- (1) Goats may enter the state of Montana provided they are transported in conformity with ARM 32.3.201 through 32.3.211.
- (2) Brucellosis test-eligible dairy breeds of goats may enter the state of Montana provided the animals:
 - (a) originate from a certified brucellosis-free herd, for which the certified herd number and date of last herd test are shown on the permit, or health certificate; or
 - (b) have been tested for brucellosis with negative results within 30 days of the date of shipment; or
 - (c) are for exhibition purposes only and are not originating from a brucellosis management area.
- (3) All test-eligible dairy breeds of goats originating from a tuberculosis accredited-free U.S. state or zone must have one negative tuberculosis test within 60 days prior to importation unless:
 - (a) the animals are for exhibition purposes only and will return to the state of origin; or
 - (b) they originate directly from a tuberculosis-accredited herd; or
 - (c) they are less than six months of age and accompanied by a tuberculosis test-negative dam.
- (4) All test-eligible goats originating from a tuberculosis modified accredited-advanced U.S. state or zone must have one negative tuberculosis test within 60 days prior to importation unless:
 - (a) they originate directly from a tuberculosis-accredited herd; or
 - (b) they are less than six months of age and accompanied by a tuberculosis test-negative dam.
- (5) All test-eligible goats originating from a tuberculosis modified accredited U.S. state or zone must meet one of the following requirements:
 - (a) two negative tuberculosis tests 60-120 days apart, with the second test occurring within 60 days prior to importation into Montana; or
 - (b) one negative tuberculosis test within 60 days prior to importation into Montana and part of a whole herd test within the past 12 months; or
 - (c) one negative tuberculosis test within 60 days prior to importation into Montana and must originate directly from an accredited tuberculosis-free herd.

- (6) Goats less than two months of age originating from, and residing for 60 days or more, in a tuberculosis modified accredited U.S. state or zone must be quarantined for testing between two and four months of age.
- (7) All test results and dates, including herd accreditation numbers, shall be recorded on or attached to all copies of the animal's health certificate.
