

## ADMINISTRATIVE RULES OF MONTANA

### 32.4.302 INSPECTION OF ALTERNATIVE LIVESTOCK AND INTERNAL FACILITIES

- (1) An authorized agent of the department may enter the alternative livestock farm and conduct an inspection of the internal facilities and/or animals under the following conditions:
  - (a) For routine inspection purposes, after contacting the owner/manager of a licensed alternative livestock farm, an authorized agent of the department may enter at reasonable times on the alternative livestock farm to inspect the alternative livestock and the internal facilities.
  - (b) If the department has reasonable cause to believe that a violation of Title 87, chapter 4, Title 81, chapter 3, MCA, or any rule made under the authority of 87-4-422, MCA, has occurred, an unannounced inspection of the alternative livestock farm internal facilities and/or animals may be conducted.
  - (c) Upon request, the alternative livestock farm licensee shall present the alternative livestock for inspection under the conditions required by ARM 32.4.301.
  - (d) The alternative livestock farm licensee is responsible for assembling, handling, and restraining animals and for all subsequent costs incurred to present the animals for inspection.
- (2) The department may require the inspection of an escaped, recaptured alternative livestock.
