

ADMINISTRATIVE RULES OF MONTANA

37.14.1706 INSTRUCTIONS TO WORKERS

- (1) All individuals working in or frequenting any portion of a restricted area:
 - (a) shall be kept informed of the storage, transfer, or use of sources of radiation in such portions of the restricted area;
 - (b) shall be instructed in the health protection problems associated with exposure to radiation or radioactive material, in precautions or procedures to minimize exposure, and in the purposes and functions of protective devices employed;
 - (c) shall be instructed in, and instructed to observe, to the extent within the worker's control, the applicable provisions of this chapter and licenses for the protection of personnel from exposure to radiation or radioactive material occurring in such areas;
 - (d) shall be instructed of their responsibility to report promptly to the licensee or registrant any condition which may lead to or cause a violation of the act, this chapter, and licenses or unnecessary exposure to radiation or radioactive material;
 - (e) shall be instructed in the appropriate response to warnings made in the event of any unusual occurrence or malfunction that may involve exposure to radiation or radioactive material; and
 - (f) shall be advised as to the radiation exposure reports which workers shall be furnished pursuant to ARM 37.14.1707.
- (2) The extent of these instructions shall be commensurate with potential radiological health protection problems in the restricted area.
