

ADMINISTRATIVE RULES OF MONTANA

12.6.106 REMOVAL OF SHELTER

- (1) Users of fishing shelters on the following waters shall remove such shelters in their entirety from the ice each day after fishing:
 - (a) Brown's Lake
 - (b) Georgetown Lake
 - (c) Deadman's Basin
 - (d) Echo Lake
 - (e) Fitzpatrick Lake
 - (f) Helena Valley Regulating Reservoir.
- (2) The owner of a fishing shelter shall remove the shelter from the area and from public property and properly dispose of it within seven days after the close of ice fishing season or within five days of receiving notification to remove. If there is no closure or removal notice or spring thaw precedes the closure date, a fishing shelter must be removed from the ice before being made irretrievable via over ice means and must be disposed of within seven days.
