

ADMINISTRATIVE RULES OF MONTANA

37.40.1465 HOME AND COMMUNITY-BASED SERVICES FOR ELDERLY AND PHYSICALLY DISABLED PERSONS: CONSULTATIVE CLINICAL AND THERAPEUTIC SERVICES, REQUIREMENTS

- (1) These are services that assist unpaid and/or paid caregivers in carrying out individual service plans and are necessary to improve the individual's independence and inclusion in the community.
- (2) Consultation activities are provided by professionals in psychiatry, psychology, neuro-psychology, physiatry, nursing, nutrition, behavior management, or occupational/speech/physical/recreational/therapy.
- (3) The service may include:
 - (a) assessment;
 - (b) development of a home/community treatment plan;
 - (c) monitoring plan; and
 - (d) one-on-one consultation and support for paid and nonpaid caregivers.
- (4) An entity, described in (2), inclusive of its staff providing consultative clinical and therapeutic services must be qualified generally to provide the services and specifically to meet each consumer's defined needs.
