

ADMINISTRATIVE RULES OF MONTANA

4.13.1008 STANDARDS FOR GRADING CULTIVATED BUCKWHEAT

- (1) Cultivated buckwheat submitted to the state grain laboratory will be graded according to the procedures and standards set out in the Montana Grain Inspection Handbook, book 1, chapter 2, cultivated buckwheat.
- (2) Chapter 2 of the handbook generally describes the standards and process which will be used to grade cultivated buckwheat considering such factors as odor, moisture, dockage, and other factors affecting grade.
- (3) Chapter 2 of the handbook may be viewed at, and a copy obtained from the State Grain Laboratory, P.O. Box 1397, 821 17th Street North, Great Falls, MT 59403-1397, phone (406) 452-9561.
