

ADMINISTRATIVE RULES OF MONTANA

37.81.322 BIG SKY RX APPLICATION RENEWAL

- (1) Sixty days prior to the end of the 12-month eligibility period, a prepopulated notice will automatically be generated and mailed to the client. This notice is generated based on the client's eligibility enrollment determination date.
- (2) The client must review the information on the notice to ensure the information is accurate including, but not limited to, information about income, assets, dependent family members, and contact information.
 - (a) If the notice has incorrect information, the client must write the correct information on the notice and return the corrected notice to the department before the eligibility period ends.
 - (b) If the client has verified the information on the notice is correct, the client does not need to return it or take any other action.
- (3) The department will process the enrollee's returned notice with corrected information as a renewal application in accordance with ARM 37.81.318.
