

ADMINISTRATIVE RULES OF MONTANA

20.28.110 CONSTRUCTION REQUIREMENTS FOR A REGIONAL CORRECTIONAL FACILITY

- (1) The facility shall be a secure facility and have controlled access to and from the facility and other appropriate security measures so as to prevent unauthorized access to and from the facility.
- (2) The facility must comply with all applicable federal, state, and local building and fire safety codes.
- (3) The facility must be constructed according to ACA standards for secure facilities.
- (4) The facility must have mutual aid agreements in place with applicable local agencies.
- (5) A regional correctional facility must obtain accreditation by both the ACA and the NCCHC within three years of the date the facility accepts state inmates and must maintain the accreditation thereafter.
- (6) This rule applies only to facilities constructed after the effective date of these rules.
